# IN Afterschool Standards and Specialty Standards

## PURPOSE

The purpose of the Indiana Afterschool Standards is to outline the path and steps that lead to high-quality youth programs that take place outside the school day. The afterschool standards are based on national research and best practices in the youth development and education fields.

### **The IN Afterschool Standards and Specialty Standards are voluntary statewide standards that may serve as:**

- A framework of clear expectations for all stakeholders.
- A guide to inform statewide decision-making, for example, professional development focus areas, funding support, and advocacy.
- A guide for program providers to assess their own program site and organizations to help determine what they are doing well and what needs improvement.
- A guide for families and youth to identify quality programming.
- A guide for school principals and district superintendents to reinforce and advance educational priorities.

## STRUCTURE

### **1. Category**

- Priority areas that help organize all standards
- Answers: What topics are needed for assessing program quality?

### **2. Standards**

- Broad researched-based best practices in quality out-of-school programs
- Answers: What do we need to do?

### **3. Indicators**

- Specific and detailed descriptions of the standard or best practice in quality out-of-school programs
- Answers: How do we do that?

### **4. Standards-based Practices**

- Evidence that can be observed in a high-quality out-of-school program
- Answers: What does it look, sound, and feel like?

## INTRODUCTION / RATIONALE FOR DIVERSITY, EQUITY, AND INCLUSION SPECIALTY STANDARDS

This special Diversity, Equity, and Inclusion addition to the Indiana Afterschool Standards outlines best practices and recommendations specific to addressing the needs of diverse youth and offering quality, culturally responsive programming. To develop these standards, the Indiana Afterschool Network worked with Diversity, Equity, and Inclusion and youth development experts in the field, as well as out-of-school learning providers.

Quality programs effectively address the needs and affirm the assets of diverse children, youth, and families they serve and build greater awareness and appreciation of the diversity of our global society. This means ensuring that diversity, equity, and inclusion is at the center of program curricula and practices as well as internal policies and practices.

### **Defining Programming that Promotes Diversity and Upholds Equity and Inclusion:**

- Youth have access to and are able to fully participate in programs without facing physical, financial, emotional, cultural, or other barriers.
- Programming includes and reflects the communities served and sees differences as opportunities
- Program seeks to reduce social and academic disparities among marginalized groups
- Program incorporates equitable practices at all levels of the program
- Program ensures that staff are adequately trained to examine their own biases and provide culturally responsive programming
- Program creates opportunities for youth to learn about and appreciate cultural differences and gain cross-cultural skills to navigate and thrive in a diverse society.
- Program creates inclusive environments where people of all backgrounds feel welcome and valued.

As you implement this Specialty Standard, you will notice that there are various areas to cover, and it may feel overwhelming at times. Take time to prioritize a few key areas in which you want your program to improve. This Specialty Standard covers various dimensions of diversity and aims to uplift equity and inclusion in a number of ways. Throughout the Specialty Standard however, you will notice an emphasis on racial equity. This is to acknowledge and seek to address the disparities that persist for people of color which are often systemically and structurally rooted. Consider dimensions of diversity present in your program and community and also the dimensions of diversity present in our society as a whole—both are important. Addressing diversity, equity, and inclusion is important for all programs, including programs that may at first glance seem more homogeneous. Ultimately, equity-driven programs play a critical role in affirming youth's identities and countering bias and discrimination. They can also foster many of the skills needed to help youth thrive in a globally-interconnected society. Prior to going through this Specialty Standard, please take a moment to review the glossary of terms at the end.

## The Rating Scale

The Indiana Quality Program Self-Assessment Tool uses the following rating scale to help you and your team assess the degree to which each quality indicator is evident in the program. The definitions outlined below are to help guide the reviewers' understanding of the numeric ratings.

### **4 = Excellent/ Exceeds Standard**

EXCEEDS STANDARD means that the program is exceptional or outstanding in this area because it implements nearly all or all of the Standards-Based Practices for this indicator. The relevant Standards-Based Practices are demonstrated in clearly observable ways.

### **3 = Good/Meets Standards**

MEETS STANDARD means that the program executes many of the Standards-Based Practices. The rater can generate examples of how and when the program executes these specific practices. This is an area the program executes well.

### **2 = Some Progress Made/Approaching Standard**

APPROACHING STANDARD means that the program is working toward executing Standards-Based Practices, but is currently only implementing a few of them. The program may benefit from targeted assistance in order to implement more of the Standards-Based Practices.

### **1 = Must Address and Improve/Standard Not Met**

STANDARD NOT MET means that the program is not currently implementing any of the Standards-Based Practices and requires significant support in this area. There is a need for significant support to get on track to address this indicator.

### **NA = Don't Know/Not Applicable**

This rating indicates that the program is not familiar enough with this indicator to rate performance or is just not sure how to rate it at this time. This rating could also mean that the indicator simply does not apply to the site or program.

## INDIANA QUALITY PROGRAM SELF-ASSESSMENT (IN-QPSA)

### PURPOSE

Indiana Quality Program Self-Assessment (IN-QPSA) is an online strengths-based self-assessment tool that enables youth programs to rate their performance based on the Indiana Afterschool Standards and Specialty Standards.

### FUNCTION

- Choose which standards you want to assess.
- Rate how well your program meets each standard.
- Start the assessment and complete over time.
- Use online or print stakeholder surveys.
- Generate automated reports for organization and/or program site(s).
- Generate an automated action plan.
- Track your program results over time and compare progress.

### BENEFITS

**The IN-QPSA can help OST programs:**

1. Identify and understand the factors that support or inhibit top performance.
2. Use data to drive decisions.
3. Take action and make positive changes.
4. Continue to grow, learn, and improve.
5. Maximize positive impact for staff, youth, families, and community partners.

### INFRASTRUCTURE

#### Online System Functionality

- 2 Self-Assessments
  - Indiana Afterschool Standards
  - Specialty Standards
    - (College & Career Readiness
    - Healthy Eating and Physical Activity
    - STEM
    - Literacy
    - Summer Learning
    - Family Engagement
    - Diversity, Equity & Inclusion)
- 4 Stakeholder Surveys and more to come!
  - Family, Youth, Community Partner, and Staff
- Multiple Automated Reports
  - Program Site & Organization Aggregate
  - Comparison Reports
- Program Quality Improvement Action Plan

**TO GET STARTED:** <https://myian.indianaafterschool.org>

### RECOGNITION OF PLEDGE TO QUALITY

**Each program site and/or organization that successfully completes the Indiana Quality Program Self-Assessment (IN-QPSA) will receive:**

1. Indiana Afterschool Quality Leader Digital Badge
2. Specialty Standards Badges, as applicable, which serve to recognize some learning or accomplishment. This is not a credential—it is a symbol of accomplishment that can be used for communicating or marketing quality efforts. These special badges communicate that your program/organization has aligned your practices and programs to the IN Afterschool Standards or Specialty Standards.

### PLEDGE TO DIVERSITY, EQUITY, AND INCLUSION

At the core of quality programs is the ability to effectively serve diverse children and youth. As such, the Indiana Quality Program Self-Assessment (IN-QPSA) includes elements to assess and help programs reflect on their ability to create environments where all children/youth and families feel valued and welcomed. For a deeper dive into assessing diversity, equity, and inclusion efforts in your program, please refer to the Diversity, Equity, and Inclusion Specialty Standards.

# GLOSSARY

## **Culturally Responsive**

Cultural responsiveness is the ability of individuals to have awareness of their own cultural identity and be able to learn from and respectfully relate to individuals from other cultures. It also recognizes the importance of including young people's cultural backgrounds and cultural references in spaces for learning.

## **Diversity**

Diversity refers to the wide range of dimensions around which people in our society differ. These dimensions include race, culture, language, gender, religion, class, age, gender identity or expression, and learning/intellectual/physical ability.

## **Equity**

Equity means each person or group has equal access to economic, social, and educational opportunity. For members of groups that have been excluded from resources, equity may involve providing greater resources to compensate for past exclusion and discrimination.

## **Global Education**

An approach to education that supports youth with their understanding of other cultures, geography, history, and people in all parts of the world. It fosters the ability for youth to see interconnectedness in our world and embrace diversity.

## **Inclusion**

Being fully accessible, reflective, and representative of the diversity in a community and in society. This includes an attitude and approach that seeks to ensure that every person, regardless of ability or background, meaningfully participates in all aspects of life.

In the education sector, inclusion is a term used to refer to the inclusion of children and youth with physical and learning disabilities.

## **LGBTQIA**
