

## Request for Proposals for Content Development

The Indiana Afterschool Network (IAN) is excited to announce Requests for Proposals (RFPs) to create high-quality professional development opportunities and supports for out-of-school time (OST) programs. IAN is seeking engaging content experts to develop content for the following platforms:

**[Indiana Out-of-School Academy](#)** – our online professional development system designed specifically for OST professionals. An Academy module is a 45–60-minute pre-recorded presentation focused on a specific topic relevant to OST professionals.

**[Trailblazer Webinar Series](#)** – our ongoing training series, which provides an in-depth learning opportunity for participants to build knowledge on a specific topic to grow in the practice of serving youth. Trailblazer webinars are live 90-minute interactive webinars that engage participants in active learning about a topic relevant to the OST field.

IAN is seeking content in the following quantities:

### Indiana Academy Modules

- Youth Behavior (1)
- Literacy (1)
- Career & College / Future Readiness (1)
- Summer Learning (1)
- New Program Support (1)

### Live Trailblazer Webinars

- Youth Behavior (1)
- Literacy (1)
- Career & College / Future Readiness (1)
- Summer Learning (1)
- New Program Support (1)

Please feel free to submit a combined proposal for multiple RFP opportunities (EX: submitting one proposal to develop 2 modules and 2 webinars).

The deadline for submissions varies for each RFP. Click below to read more about each RFP opportunity, as well as its associated deadline:

IAN is committed to diversity, equity, and inclusion (DEI). Just as DEI enriches our communities and workplaces, it also enriches the content developed for IAN and the work we do on behalf of the OST programs. IAN highly encourages Black, Indigenous, People of Color, LGBTQ+ and gender non-conforming individuals, people with disabilities, and people with other marginalized identities to apply.
